Dear Father,

We pray for our Christian brothers and sisters around the world who are in danger just because they follow you. Please be with them and keep them safe.

Please give them all they need to live well, including access to the Bible.

We remember that there are many people who are in danger from wars and natural disasters. We ask for peace and that help will get to them quickly.

We pray for the people we know who need your healing in body, mind or spirit. Please be close to

them so that they will know your comfort and can be healed by you.

We thank you that we live in a safe country, and that we can come to church and read our Bibles without being scared. Please help us to remember how special this is, and help us to tell other people about you.

Father God we thank you for the life of Thelma and all that you did through her to share your love. Please help us to live our lives for you, just as she did.

Amen
