First Shoeboxes have arrived already in the village of Podporozhnyanka, near Zaporozhye, Ukraine. We are so grateful the shoeboxes have got through so easily this year to Ukraine. Here is Zina one of our Ukrainian Project Managers starting to give out shoeboxes. Zaporozhye is in the East of Ukraine and very close to the frontline. These children will have witnessed shelling and been unable to escape the noise and fall out from the war. Your shoeboxes are a moment of happiness in an otherwise pretty stressful environment.
